SUMMARY

Senior AI Systems Engineer with 6+ years experience in Python, PyTorch, Docker, Kubernetes, TensorRT, and System Architecture.

EXPERIENCE

Staff AI Infrastructure Engineer | NeuralCloud Systems (2021 – Present)

- Engineered scalable GPU inference engines with Python, PyTorch, and TensorRT.
- Orchestrated containerized deployment pipelines using Docker and Kubernetes on AWS.
- Built REST APIs and microservice wrappers for deep learning model serving.

EDUCATION

B.S. in Computer Science | Stanford University, Class of 2018
